

EXPRESSIONS OF INTEREST

DOES YOUR ORGANISATION...

- Engage with young people between the ages of 15-25 years old
- Recognise the impacts of gambling, directly or indirectly
- Feel concerned about the amount of gambling advertising young people are exposed to
- Want to take action

Through the support and funding provided by the Victorian Responsible Gambling Foundation, Bethany Community Support has the opportunity to work with young people within the community to produce a localised gambling related message to educate and reduce youth gambling harm.

The message will be in the form of any multimedia - video, poster, social media campaign... The list goes on!

The message will be launched at Youth Week 2019.

Expressions of Interest close on Friday 14 September

For more information and to express interest, please contact:
